*Department of Computer Science*  
*NIT, Bhopal*

## Contents

<b>1</b>	<b>Study of Different types of Network Cables</b>	<b>2</b>
1.1	Coaxial Cables . . . . .	2
<b>2</b>	<b>Study of different types of Networking devices</b>	<b>2</b>
<b>3</b>	<b>Study of different types of Network Topologies</b>	<b>2</b>

# **1 Study of Different types of Network Cables**

Network Cables are used to connect computers and networking devices in a network. These cables are of three types -

1. Coaxial Cables
2. Twisted Pair Cables
3. Fiber Optic Cables

## **1.1 Coaxial Cables**

# **2 Study of different types of Networking devices**

# **3 Study of different types of Network Topologies**
